## MASSACRE AT BAKU APPEARS TO BE CERTAIN

Russian City Surrounded by Tartar Hordes and Governor Wires for Help to Avert Slaughter of Inhabitants.

## MOB BURNS BABY WHILE MOTHER PLEADS FOR LIFE

Fierce Riots in Kertch, Southern Russia, Result in 285 Killed and Wounded—More Fighting at Kishineff.

ST. PETERSBURG, Sept. 7.—The desperate condition of affairs at Baku is shown by a telegram from the Governor of Baku, who has sent an urgent dispatch to Tiflis saying that the city and its troops are surrounded by Tartar hordes and will inevitably be overwhelmed and massacre result unless immediately relieved.

Massacre seems certain, as it is hardly possible for troops from Tiflis to reach the surrounded city in time to save it.

Rioting and disorder continue throughout the Caucasus, Kishineff and Crimean districts.

The ugliest report comes from the town of Kertch, in Southern Crimea. Here a baby boy, the son of a prominent Jew named Hirschbaum, was tossed on a bonfire by the mob and burned in the presence of the agonized mother. When she pleaded for her baby a ruffian hit her on the head with a club.

The trouble began when a crowd of young ruffians began a series of Jew-baiting tactics, breaking open shops and houses and sacking them.

The Jews resisted and many fights took place. But the crowd of ruffians became augmented to such a number that resistance except by violent means was impossible. A band of young Jews then appeared on the scene with revolvers and attempted to drive the rioters from the Jewish quarter.

It was the burning of the boy which brought out the men with the revolvers. When they came the Governor of Kertch, until then a passive onlooker, ordered out the troops.

When quiet was restored it was found that 285 persons had been killed and wounded.

Reports from the Governor at Kishineff say that the rioting and burning of property which began there yesterday was continued today and that several people have been killed.

He has ordered out additional troops to restore order.

The Jews who have been the principal sufferers at Kishineff are well organized and making a stubborn resistance to attempts to rob and burn their property.

Orders were sent to the Viceroy of the Caucasus today to send aid to the Governor of the Baku district, which is being overrun and despoiled by Tartars.

Reports are that several more villages have been burned and the inhabitants massacred.

## THIS WIFE WOULD PURSUE WITZHOFF TO END OF EARTH

Pauline Zelukovitz, Missouri Victim of Archbigamist, After 7 Years' Search Is Still Determined in Her Idea to Persevere Until She Locates Him.

"I'll go to the end of the earth, wherever they may find him, to punish him," declares Pauline Zelukovitz, the Missouri wife of Dr. George A. Witzhoff, the arch-bigamist, whose story of her seven years' search for her husband was told in Wednesday's Post-Dispatch.

To a Post-Dispatch reporter at her home near Bonne Terre, St. Francois County, she showed the certificate of her marriage in Independence Hall, Philadelphia, to Albert Hauser, who she has lately assured herself, was Witzhoff. The certificate was signed by J. B. Lukens, Justice of the Peace, and dated May 2, 1898.

From the time when Witzhoff, or Hauser, abandoned her, 13 days after the marriage, chloroforming her and robbing her of \$800, until June, 1932, she was continuously on his trail in different large cities to which she traced him.

In Milwaukee she found a Mrs. Wessler whom he had married and abandoned. In Detroit and Louisville she found his victims, and in Chicago she learned that he had been married.

In St. Louis she found Dr. Saul Adler, whom, because of his strong resemblance to the fugitive, she identified as her husband. She soon saw that she had been mistaken, but believes that her husband was in Adler's employ, a belief which is sustained by Adler's own statement.

She then went to Southeast Missouri, where she has since lived, endeavoring to earn money to continue her search for the man she is seeking. She took at the outset of her quest the name of Mrs. Schmidt to aid her in her search.

Clouds and Rain to Remain

No Brighter Days in Sight for St. Louis—Frost Visits Arizona.

The craven weather of the past two days is to be continued, according to the official forecast of the Weather Bureau. He predicts:

"Unsettled weather and showers tonight. Friday partly cloudy with moderate temperature. Light variable winds. Things in the way of weather have been unsettled in the Ohio, Mississippi and Missouri valleys for the past several hours. The same is true of the Southwest, where, in fact, a depression is said to be largely responsible for the conditions in the other sections.

In the day part it has rained in a great many States but in Missouri, Arkansas and Louisiana it has rained hardest.

It has become warmer in the Southwest. In the Southwest—well, there was frost in North Arizona last night.

## ABDUCTOR OF GIRL STUDIES LAW IN JAIL

Jesse Oakes Refuses to Discuss His Elopement With Opal Knaus, Formerly His Pupil in School at Clinton.

## ASKS BROTHER-IN-LAW TO SIGN HIS BAIL BOND

Girl, Left in California, Says She Loves Former Teacher and Will Not Prosecute—Wife Charges Abandonment.

From a Staff Correspondent of the Post-Dispatch.

CLINTON, Mo., Sept. 7.—While Jesse A. Oakes, Superintendent of Schools of Ulrich, Henry County, is in jail here, pretty Opal Knaus, the 15-year-old pupil with whom he is charged with having eloped, is in the care of a distant relative in Los Angeles, Cal.

Few romances have been stranger or more surprising than that of the Ulrich educator, 35 years old, the head of a family, whose 180 pounds made him a terror to ill-disposed "big boys" of his school, and the slender girl, weighing hardly more than 50 pounds and not out of short dresses.

Oakes was brought back from Los Angeles by Sheriff J. D. Hall, and is held on a warrant charging abandonment, sworn to by his wife, Mrs. Oakes, who has said that she will prosecute him on this charge, whatever action may be taken by the widowed mother of Opal Knaus.

Before his departure from Los Angeles with his prisoner, Sheriff Hall twice endeavored to persuade the girl to make a statement which could be used as evidence against her teacher. Each request was met with indignant refusal.

"I Love Him," Says Girl.

"I love him; I've got him into trouble, and I'm not going to do anything to make it harder for him now," was Opal's last word to the Sheriff.

During the journey from the Pacific Coast, Sheriff Hall was unable to get from the teacher, whom he kept handcuffed, any explanation of his amazing flight with the girl.

Oakes declared today that he expected his brother-in-law, the brother of his deserted wife, who lives at Bois D'Arc, Greene County, to go on his bond when bail is fixed by the court. He says he wrote to this brother-in-law from California, supposing that his wife had gone to her brother's home. He seemed surprised to learn that she had remained in Ulrich.

While persisting in his refusal to answer any direct questions regarding Opal Knaus, Oakes hinted today that he would plead formal domestic unhappiness as a reason for the attachment between him and his pupil.

"My wife and I had not lived happily together for some time," he said. "This was not generally known in Ulrich, but my wife knows it, and I am surprised she should have made the complaint on which the warrant against me was issued."

"Senator Dickinson is my attorney. I have not discussed my defense with him, but I feel certain that I shall be acquitted."

Oakes Will Study Law.

"I know it will be impossible for me to go back to teaching school, though it is the work I most enjoy. I shall become a lawyer. I have read the first volume of Blackstone's Commentaries, and shall continue my studies as soon as I have the opportunity."

"I shall be a criminal lawyer. During my brief stay in jail I have seen so much of the needs of defenseless prisoners that I shall endeavor to give professional help to such unfortunate in the future."

And amid a group of scowling and lecherous inmates of the Henry County Jail, the teacher-prisoner, who has lost none of the appearance and manner of the pedagogue, loses no opportunity to talk with visitors who are disposed to listen to him of subjects of literature and scholarship. He has been an avid reader of history and fiction, and his conversation shows a good vocabulary, not unmixt with local mannerisms.

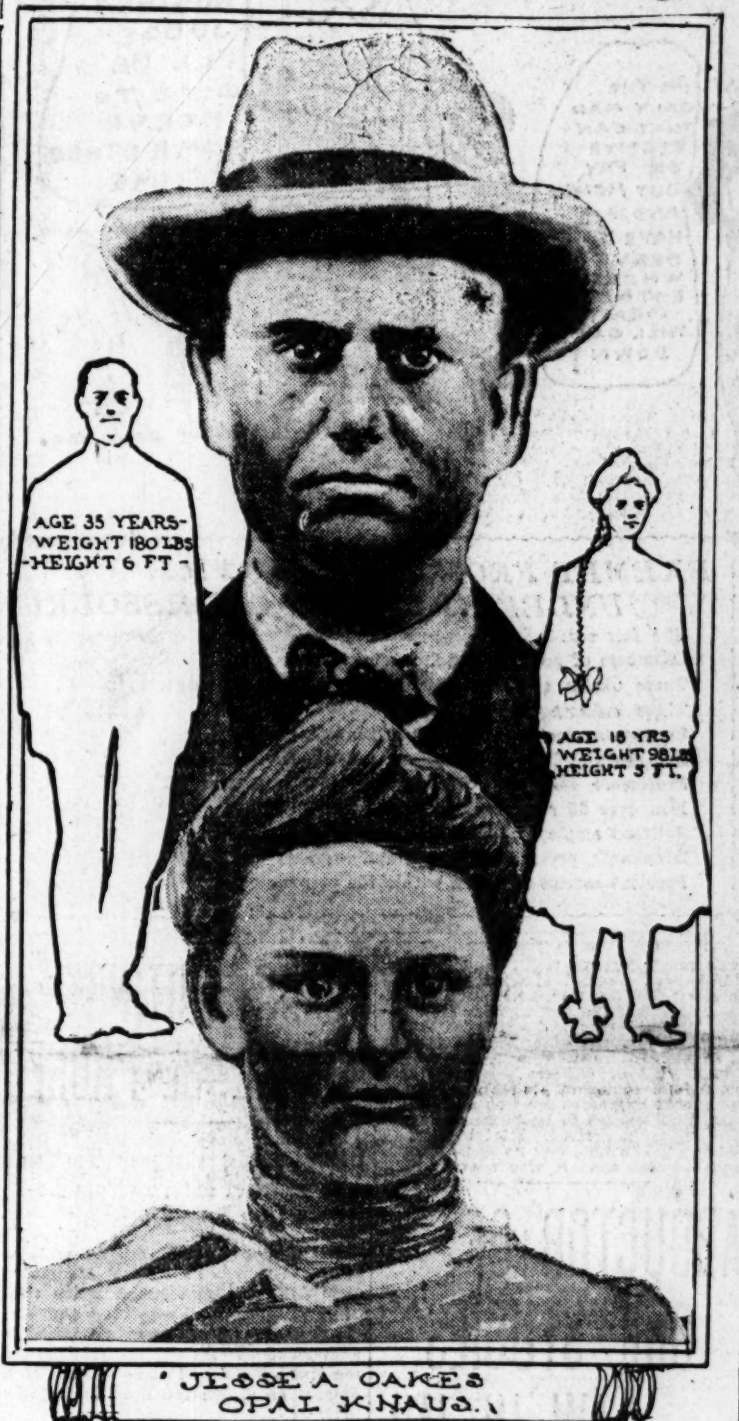

Pupils Saw Favoritism.

Toward the close of the school term last spring, members of the Ulrich School Board heard reports from pupils that the superintendent was showing favoritism to Opal Knaus. These complaints, at first ascribed to childish jealousy, became so numerous that one of the school directors spoke to Oakes.

He was met by a positive denial that

## FOREMAN SHOOTS FORMER EMPLOYE

Hugh S. Elliott of Shoe Company Says He Acted in Self-Defense.

TELLS OF MANY THREATS

Clarence M. Kiernan. Wounded Man, First Drew Pistol, Says Elliott, Under Arrest.

Hugh S. Elliott of 463 Evans avenue, a foreman at Friedman Shoe Co.'s factory, Jefferson avenue and Madison street, shot Clarence M. Kiernan, a former employee, at the factory Thursday afternoon, inflicting a wound in the abdomen which is expected to cause death.

Kiernan's resentment over his recent discharge is said by Elliott to have caused the encounter.

Elliott, who is a prisoner at North Market Street Station, admits shooting Kiernan, and says he acted in self-defense.

Kiernan, whose home is at 2803 Thomas street, is at City Hospital.

"Since he was let out at the factory," said Elliott after his arrest, "Kiernan had been threatening to do me up."

"This afternoon he entered the factory and demanded that I put him to work. He displayed a revolver, and threatened to attack me on the spot if I did not do as he demanded."

It was evident that Mrs. Erlinger had given to her son a room and awakened him as she had promised, and that she had been stricken while dressing as she was partially dressed when found by her son. She was unable to speak to him, but her eyes still shone with the joy of his home coming.

Young Erlinger at once summoned Dr. C. B. Potts, the nearest physician, and he went to her son's room and awakened him as she had promised, and that she had been stricken while dressing as she was partially dressed when found by her son. She was unable to speak to him, but her eyes still shone with the joy of his home coming.

Factories Shut or Burned

TIFLIS, Caucasus, Sept. 7.—All the textile works at Baku have been destroyed and all the factories and other works there are closed. The military authorities are hastening measures to cope with the desperate situation at Baku.

Armeny has been dispatched from here by special trains. The prices of gasoline, kerosene and their residues have risen enormously. The present supplies will be exhausted in a few days.

The Tartar movement in Northern Caucasus is said to be directed principally against the Government.

Mikado's Aged Adviser, Marquis Ito, Attacked by Mob Resenting Compromise of Peace Terms With Russia—American Railroad President Harriman's Party Stoned.

## ARMY RESERVES CALLED OUT TO AID POLICE

Residence of Cabinet Premier Katsura Burned, Police Stations Wrecked and Government Buildings Threatened—Meetings in Other Cities Protest Against the Treaty.

TOKIO, Sept. 7.—Bitter resentment against the terms of the peace treaty with Russia, strong throughout Japan, has manifested itself here in riots, bloodshed and arson.

Since Tuesday night the capital has been mob-ridden. Two people have been killed and more than 500 wounded since Tuesday.

The residence of Premier Katsura has been burned. The aged Marquis Ito, chief personal adviser of the Mikado, and who is held responsible more than any one else for the concessions made at Portsmouth, and a party of friends, caught upon the street, have been stoned.

A mob burned and destroyed 10 Christian churches and one mission house school Wednesday night. The people were not injured.

Government officials have everywhere been jeered and in many instances assaulted by mobs.

Foreigners, to whom the Japanese are usually polite, have not been exempt. E. H. Harriman, the president of the Northern Pacific Railroad in the United States, was threatened and some of his party roughly handled by a mob, who were after Government officials in the party.

Almost constant fighting has gone on between the mobs and police, and 15 police stations in Tokio have been wrecked.

The office of the Kokumin Shimbun, official organ of the Government, has been twice attacked and is under a heavy guard.

So bad has the situation become that army reserves have been called out to aid the police in restoring order, in fact to protect the police, who have become unable to cope with the mobs and who are themselves subjects of attack.

Rioting began Tuesday night, following the refusal early in the day of the authorities to permit a meeting of dissenters from the treaty terms to meet in Hibaya Park.

First was an attack on the office of the Kokumin Shimbun, the Government official organ.

Serious rioting followed the attack on the newspaper office.

A mob attacked and burned the official residence of the Minister of Home Affairs, which stood between the Nobles' Club and the Imperial Hotel and faced Hibaya Park, which was the storm center throughout the day.

Threatening demonstrations occurred in the neighborhood of the official homes of Premier Katsura and Baron Komura, Foreign Minister, who is now in the United States, but the police succeeded in preventing injury to the occupants of damage to the houses.

The destruction of the Home Minister's residence was intensely dramatic. Throughout the day a series of demonstrations occurred in the neighborhood and late in the afternoon the mob attacked the house, swept the police away and burned down the gates.

The police and servants resisted stoutly, but the mob surged forward and entered the house. One of the mob leaders, carrying an armful of burning straw, gained the rear of the structure and succeeded in setting it on fire.

The police reserves were charged the crowds, using their swords freely, but the mob rallied from several quarters and stoned the firemen when they arrived. The members of the minister's household were rescued and escorted to the Imperial Hotel.

Many Wounded in Fight.

Accurate figures of the casualties are not obtainable. It is known, however, that one man was killed, that 14 were mortally wounded by sword thrusts and that many persons were bruised with stones and injured in the crushes.

Another demonstration is planned for Sept. 8, and it is believed that the strongest measures will be necessary to prevent serious rioting and bloodshed.

The destruction of small police substations continued until midnight. It is impossible to ascertain the exact number destroyed, but it is estimated that 15 were wrecked.

Two of the larger police stations were also destroyed. The mobs generally prevented damage to adjoining private property by dragging the police kiosks into the middle of the street before applying the torch.

Shortly after midnight another attempt was made against the Kokumin Shimbun offices, but the police dispersed the attackers, killing one of the assailants. The fact that the man was cut in the back angered the crowd, which demanded the arrest of the policeman.

Representatives against the members of the Cabinet is bitter and Government officials are jeered whenever they appear and generally stones are thrown.

The aged Marquis Ito, going with a party from the foreign office Wednesday was stoned. He escaped injury, but two of his party were badly hurt.

There is also considerable resentment against foreigners, principally American.

KOMURA SENDS FOR SECRETARY ROOST.

NEW YORK, Sept. 7.—Baron Komura, after reading the Associated Press dispatches telling of the riots in Tokio and the experience of the E. H. Harriman party, immediately endeavored to reach Secretary of State Elihu Root.

Mr. Sato said Baron Komura is extremely despondent of seeing Mr. Root at once, and that a message could be sent to Mr. Root at once asking for an interview. What purpose Baron Komura had, Mr. Sato would not say.

Secretary Root, it was learned later, will arrive here from his country home this afternoon.

## GRAFTING IN THE STREET DEPT?

Inspector Discharged by Commissioner Valliant After Hearing Witnesses.

## TWO PAID HIM MONEY

"White Wings" Say They Gave Part of Salary Not Earned.

By the discharge of a street inspector Thursday was brought to light a system of grafting on street sweepers which the discharged man is said to have worked.

Street Commissioner Valliant learned from two of the "white wings" that they had received pay for days that they did not work and had turned the amount that they received for the time that they were idle over to the inspector by leaving it at a saloon for him.

One claimed to have turned \$9 over to the inspector and the other said he had turned \$3 over.

The commissioner says the sweepers will be protected in their positions because they were victims, rather than accomplices in the matter.

The investigation will be continued with a view to ascertaining whether others have been guilty of the same kind of practices.

## TRIES TO GIVE BABY AWAY

Strange Actions of Woman and Child, Both Missing, Arouses Trainmen.

Special to the Post-Dispatch. Sept. 7.—A woman trying to give away a baby on the L. & N. train out of Memphis excited much interest on the Memphis division of the railroad. The homes of the parties could not be located, but her actions were noticed by the trainmen.

She attempted to give the child, which was only a few months old, to negroes at the different way stations, but was unsuccessful. At Humboldt, Tenn., she tried to quit the train, leaving the baby in the car. This was prevented, but it was noticed afterwards that the baby was missing, and all trace to find it was futile.

The woman managed to escape the trainmen and leave the car. All the surrounding towns were wired to apprehend her, but so far she has escaped. Where she intended the train or her destination was unknown.

He will be buried at Rockport, Tex., tomorrow afternoon. County Attorney has ordered a post mortem on Rasbury's body. Kannmacher is in the County Jail.

## SAYS FATHER STABBED HIM

Wounded Man in Hospital Identifies Parent as Man Who Used Knife.

William Miller Jr., a salesman for the Blue Sky Dry Goods Co., Thursday morning identified his father, William Miller Sr., as the man who stabbed him in the abdomen at the father's home, 1211 North Fifteenth street, Wednesday afternoon. The wounded man is in a dangerous condition.

The father was arrested Wednesday night and was taken to City Hospital to confront his son, but the latter had then just been operated on and the physicians would not permit him to be disturbed.

The stabbing of young Miller was reported to the police several hours after its occurrence by a friend, who said that her husband was dying at their home 2211 Carl street. It was then learned that the son had gone to the father's home about 4 p. m. Wednesday, that he had got into a quarrel over a raffle ticket, and that young Miller, according to his own story, was stabbed by his father. The latter is a shoe-maker, and it is thought that the cutting was done with a knife such as shoemakers use for cutting leather.

## Told Conflicting Stories.

The father is said to have been drinking. Young Miller says that after he was stabbed he went downstairs and told the people living there, and then returned upstairs, when his father threw him down the stairs, warning him not to go back.

The son, badly wounded as he was, had then made his way to his home, and two hours later a physician was summoned to attend him.

Miller Sr., when arrested, gave conflicting and confusing accounts of the trouble between himself and his son. He admitted having had a fight with his son, but denied stabbing him, and said that the young man had drawn a revolver on him and that the mother, his wife, had struck the weapon from her son's hand. The father says that after the fight he took the revolver to a pawnshop and borrowed \$1.50 on it, spending the money for beer.

Baier died July 17. He was found to have willed his \$15,000 estate to John and Nellie Strobel, and to have made his home for two years. The couple now live at 258 South Broadway in one of the houses they inherited under influence in alleged.

Special to the Post-Dispatch. Sept. 7.—Gov. Folk today appointed the following gentlemen members of the State Board of Dental Examiners, each for a term of five years from date: L. H. P. ## Come Forward, Mr. Man, 110,000 of You, and Tell the Judge Why You Should Not, If You Would Not, Serve as Juror

## IN THE NEXT TWENTY DAYS THE LIST OF THOSE TO SERVE FOR ENSUING YEAR WILL BE CHOSEN—THE TIME OF EXCUSES NOW AT HAND AND THEY ARE MANY AND VARIED, AS VISIT TO THE COURTHOUSE WILL SHOW YOU.

THE joke of the day is not entirely on the small boy and the truant officer.

For the jury commissioner will catch you, Mr. Man, if you don't watch out.

He's looking for 110,000 of you, all residents of the city of St. Louis. In the next 20 days the jury list for the year will be selected.

He has your name, age, address, business, and is only waiting to put your name in that little jury wheel before sending a Deputy Sheriff for your "corpus delicti" as Sammy, the office boy, says.

Then under the gentle suggestion of a representative of Sheriff Clarke and the State of Missouri you will present yourself at the old Courthouse, Broadway and Chestnut streets.

You will be assigned to a courtroom and after waiting on the pleasure of numerous lawyers, you will have a chance, if you wish to be excused, to tell the judge just how important a man you are. Meanwhile you will sit still, keep from falling asleep, restrain from whistling and reading papers, and prepare your excuse.

When the judge has convinced you that the State and your fellow man need just such a juror, you will take your seat with two dozen others who perhaps have the lawyer for the defense or plaintiff make you out an innumerate, totally unfit for duty as a juror.

On the other hand if the lawyers like your looks you are elected to be "it" for the case at hand.

WHAT YOU ARE IN FOR.

IT MAY be a suit for damages against the trolley company; a spily will contest, or very likely a suit involving the division of property, with a thousand local angles that will rock you to sleep right under the eye of the judge.

If you get a racy damage suit you are in luck. But that kind of cases are rare. The most common is a suit for damages against the trolley company, a spily will contest, or very likely a suit involving the division of property, with a thousand local angles that will rock you to sleep right under the eye of the judge.

Complaining Witness Testifies at Trial of Mrs. Folsom Before Spiritualists.

Behind closed doors at the Temple of Spiritualism, 3015 Pine street, Thursday, Miss Ella Preston testified in the trial of Mrs. Folsom before the National Spiritualists' Association. It is understood she set out the grounds for the charges she had made against Mrs. Folsom on which the hearing is being held.

Miss Preston has declared that she can explain the method of Mrs. Folsom's "card-writing," a spiritualistic manifestation that has mystified other mediums of the city. It is said.

The hearing which began Wednesday afternoon and continued late Wednesday night, is presided over by Dr. George E. Warner of Chicago. The Rev. Thomas Grimshaw of St. Louis is assisting in taking the evidence.

P. W. Stewart, who married Mrs. Folsom a few months ago but who insisted on retaining her own name, is acting as her attorney.

Mrs. Folsom and Mr. Stewart say that the present investigation is being made at their request following their dismissal from the Missouri association, of which she had been treasurer.

Mrs. Folsom has testified, and Miss Preston, said to be her accuser on the day night, is said to have been in the room at 10 a. m., remaining there until 11:30 a. m. ## ABDUCTOR OF GIRL STUDIES LAW IN JAIL

Continued from page one.

The girl was favored over other pupils. The rest were picked, Oakes said, because she had outwitted them in school. She was more studious than the rest, he declared, as was shown by the fact that she, alone among the pupils of her age, wore glasses.

This satisfied the questioner and ended the School Board's inquiry, but it seemed only to give added impetus to the strange romance of the girl and her instructor. Oakes was re-elected to the superintendency, but he realized that he would be even more closely watched by the girl's society if he expected to keep his place.

When or under what circumstances the elopement was decided on neither has told. The opportunity came in the departure of Mrs. Oakes for her former home at Caplinger Mills, Cedar County. Mrs. Oakes was accommodated by their daughter Jessie, who is but 3 years younger than Opal.

"We arranged," said the deserted wife, "that Jessie and I, after a short visit at Caplinger Mills, should return to Eldorado, and that Mrs. Oakes should meet us there."

"All the while, I know now, he was planning to run away with poor little Opal Knaus. My train was not out of St. Louis before he was on his way to meet her for their flight."

His mother, said to have been going to Hartwell, six miles from Ulrich, to visit her aunt. Two days after she had fled with the latter's absence had been commented on, a neighbor told Mrs. Knaus that he had seen Opal in Clinton with Oakes.

The startled mother drove to her sister's home, to find that Opal had spread the news, and soon the Sheriff was notified.

When or under what circumstances the elopement was decided on neither has told. The opportunity came in the departure of Mrs. Oakes for her former home at Caplinger Mills, Cedar County. Mrs. Oakes was accommodated by their daughter Jessie, who is but 3 years younger than Opal.

## Girl Wrote to Mother.

The first letter from Opal to her mother came two days later. It said that she was on her way to Mexico to follow them, that it would be useless to follow them, and that she was happy. Mailed on a train, it showed only the direction the two had taken.

Circulars bearing the photographs of the pair and offering \$50 reward for their capture were sent to various Southern and Western cities before the next letter came. This was postmarked San Diego, Cal., and told Mrs. Knaus that her daughter was with a teacher, who had obtained employment as a bookkeeper. They were going to Los Angeles, and that she was with a teacher, who had obtained employment as a bookkeeper. ## NO PENALTY FOR LARK IN THEATER

John W. Tiffany and Howard Dow of Indian Territory Had Fine Time.

## RAN OFF WITH PICTURE

They Listened Wearily in Court and Took Acquittal as Matter of Course.

John W. Tiffany of Indian Territory and Howard Dow, his friend, were not surprised in City Hall Police Court Thursday by their acquittal.

They had said they would be if they were punished for their "little lark" at the Grand Opera House Tuesday night. It was charged that after disturbing the peace of the management of the theater in other ways, they carried off a large group picture of stage girls from the foyer. They were arrested at the Planters' Hotel by Detectives Cabanne and Killian at the instance of Manager Somes.

In court Tiffany and Dow looked merely bored. They preserved an air of asking:

"Why will people insist upon interesting themselves in our little diversions?"

The expression did not fade as Manager Somes and others of the theater told of their visiting the house Monday night, occupying front seats, running in and out during the play and showing cigarette stumps and programs over the footlights at the chorus girls.

It was the same Tuesday night, it was told that they came again that night, refused admittance, tried to get tickets through a stranger, who was also refused admittance and ended the entertainment by running up the street with one of the framed photographs that stood on an easel in the foyer. Somes said that when captured and separated from the picture, they laughed and said:

"Just a little lark, that's all."

Tiffany and Dow did not testify in their own behalf although they were suggested that they might.

Judge Spaulding discharged them.

After the trial the two refused to talk about themselves, and say whether or not it is true as reported that Dow's sister is a millionaire and that he has a million in his own right.

Dow merely smiled down the wide silk staircase that insisted upon disturbing the symmetry of his trousers' crease and said he was from Shawnee, I. T.

## ADDRESS OF COMMANDER-IN-CHIEF

Commander-in-Chief John R. King of Baltimore, in his address, stated that the number of pension certificates issued in 1935 was 33,397, more than \$2,000 in excess of the year before and still more in excess of former years. Pension Bureau granted 12,438 original pensions and increased \$458.

The pension roll now contains the names of 84,828 survivors of the Civil War, as against 80,732 at the close of 1931. The details in 1935 of survivors of the Civil War were 20,24.

The speaker:

"If properly requested to do by the War Department there was little doubt that the War Department would be willing to include in its estimates for the next fiscal year an appropriation sufficient for the erection of an amphitheater in Arlington Cemetery and also an appropriation to put Lincoln's Gettysburg address on tablets in all national cemeteries."

## SPANISH-AMERICAN WAR VETERANS IN SESSION.

MILWAUKEE, Wis., Sept. 7.—With fluttering flags and martial music the hospitable gates of Milwaukee were thrown open to the hundreds of delegates and advisors to the second annual convention of the Spanish-American War Veterans and the ladies' auxiliary of that organization. Each arriving train brought its hundreds of veterans and early it was seen that the number in attendance would be greatly in excess of all expectations.

After a reception of delegates the veterans met in a large hall at the Hotel Hamilton and were welcomed to the city by Acting Mayor Corcoran. In the absence of Mayor Rose, Commander-in-Chief William E. English then delivered his annual address, reviewing the organization's work for the past year.

Salmon, who was employed as general bookkeeper at the Salmon & Salmon bank, succeeding George Worth, Notary Gilbreath adjourned the hearing of the depositions incident to the trial of the damage suit of ex-Secretary of State Sam B. Cook against the St. Louis Post-Dispatch until next Wednesday at 10 a. m.

Frank Salmon is 29 years old. He is accused in a warrant, served on him yesterday, following his return from Axtell, Colo., of receiving deposits after it became known that the Salmon bank was in an insolvency condition.

Young Salmon testified that he had charge of the cash book, ledger, bills receivable and part of the time was in charge of the daily bank statement. He remembered Inspector Buncie's visit to the bank last January, but could not recall any conversation he might have had with the inspector.

Witness was questioned at length in regard to the affairs of the bank, but to nearly all questions he invariably replied:

"I can't remember."

Occasionally he volunteered the statement that if the books showed a record of a transaction he supposed the transaction was all right. He knew nothing, he declared, of the large overdraft of the Salmon Bank on the Kansas City State Bank.

## MAKES DENVER SPEECH

Erection of Amphitheater at Arlington Is Project of Old Soldiers.

DENVER, Colo., Sept. 7.—The first meeting of the executive body of the Grand Army of the Republic began today at the Broadway Theater. With the exception of a few minutes during which time State and city officials welcomed the old soldiers to the city formally and responding speeches were made by Commander-in-Chief John R. King and others, the sessions today were secret.

The national convention of Women's Relief Corps began its sessions today, also. The most interesting political fight of any of the conventions connected with the Grand Army movement is on in this body. There are five candidates for the office of president and three of that of treasurer. The office of president, Mrs. Kate Jones of New York, Mrs. Carrie E. Sparklin of St. Louis, Mrs. C. C. Harris of Emporia, Kan., Mrs. Abbie A. Adams of Superior, Neb., and Mrs. Geraldine of San Francisco, are entered in the race. Each has her following and even the men of the Grand Army have been pressing into the campaign and are working hard for their favorites. Mrs. Charlotte Wright of Hartford, Conn., Mrs. Emily E. White of Indiana, and Mrs. Emily Milham aspire to the office of treasurer.

The pension roll now contains the names of 84,828 survivors of the Civil War, as against 80,732 at the close of 1931. The details in 1935 of survivors of the Civil War were 20,24.

The speaker:

"If properly requested to do by the War Department there was little doubt that the War Department would be willing to include in its estimates for the next fiscal year an appropriation sufficient for the erection of an amphitheater in Arlington Cemetery and also an appropriation to put Lincoln's Gettysburg address on tablets in all national cemeteries."

## JAP BANKER TO FARM IN TEXAS

Says Americans Are Too Taken Up in Manufacturing to Think of Agriculture.

### DEVELOPING RICE LANDS

Can Ship the Product to New York and Chicago in Time for Great Profits.

DALLAS, Tex., Sept. 7.—Some time since agents of the Japanese Government visited Texas. It was said then that they intended to buy land to colonize, and that Japanese emigrants would raise rice.

There is a report on this subject from United States Consul Fisher at Tamsui, island of Formosa. In the consular reports just issued by the United States Government. The report contains much that is interesting and gives the text of three clippings from Japanese newspapers dealing with the matter.

The Japanese banker who is at the head of the movement is Mr. Gada. "The Mr. Gada referred to," says Consul Fisher, "is a person possessing considerable wealth. He has resided in Formosa since 1896 and is auditor of the Taiwan Bank. His commercial and industrial interests in this island, as well as in Japan, are quite extensive. If his agricultural undertaking in Texas is carried to completion it will no doubt lead to a large immigration of Japanese into this region."

The Japanese newspaper clipping which gives the most information about the project is from the Taiwan Nichi Shimpo of Tainan, Formosa, in which is an interview with Mr. Gada. The interview is as follows:

"Farming is the only enterprise that

it seems can be profitably undertaken in America by the Japanese. In the manufacturing industries the Americans are using large capital and extensive machinery, and are making every effort to reduce the cost of production. The progress in the economical use of machinery is very conspicuous, but in agriculture they are unable to employ these methods, and therefore do not question the comparatively high prices for vegetables and grains they consume. The reason seems to be their absolute devotion to the manufacturing industries, which leaves them no time to consider other enterprises. It is therefore in agriculture that the Japanese in America are most likely to meet with success.

The total area of the uncultivated regions in Texas, where I have undertaken the farming scheme, is larger than Japan. Until a few years ago it was used for grazing, but it has gradually come to be considered a district for cultivation, and the prospects for its future are very promising. The agricultural products can be sent to the market at New York in two days, to Chicago in one and one-half days and to San Francisco in four days. The area I intend to cultivate consists of about 20,000 cho bu (40,000 acres) and the price of the land is but 5 yen (\$2.50) per ten (0.245 acre). This region having been grazing land up to the present time there is little difficulty or expense in preparing the ground for cultivation, and the soil is very rich, so that there will be no necessity for using fertilizers for at least 10 years. Before returning to Japan I made arrangements with the railroad company owning the land to purchase it any time.

"My scheme is to invest 700,000 or 800,000 yen (\$350,000 or \$400,000) during the first year in the purchase of land and expenses. It is estimated that at the end of four years a profit of 2,000,000 yen (\$1,000,000) will be realized.

"Of the different agricultural pursuits that of growing vegetables is the most profitable. As the cultivation of 40 cho bu (98 acres) requires but two men and three horses, the profits and the expenditure is easily estimated. No procedure is required to secure a market, as the 'trust' makes contracts with the farmers or advances money for their produce before the time for marketing. The prices are fixed on the basis of the price at which the produce is supplied to the consumers, which allows producers a profit to both the trust and the farmers, and as the trust would not attempt to make a reduction, this method of marketing will be convenient for Japanese who engage in agriculture in America."

## AFTER HONEYMOON, GO AS MISSIONARIES.

The Rev. Mr. and Mrs. Daniel E. Lewis, who were married Wednesday at the home of the bride's parents, Mr. and Mrs. George Hilt of O'Fallon, Ill., will spend their honeymoon in Pennsylvania, after which they will leave this country for missionary service in Cuba or India.

Mrs. Lewis, who was Miss Georgia Hilt, has already done missionary work in Cuba, returning three months ago to begin preparations for her wedding. The romance between the two began when both were students at the Baptist Missionary College at Chicago. They became engaged while pursuing their studies and kept up a steady correspondence during Miss Hilt's absence in Cuba.

The Rev. Mr. Lewis has been a minister in Pennsylvania since leaving school, but from now on will co-operate with Mrs. Lewis in missionary work.

## LOST IN KLONDIKE HAD TO EAT ROOTS

Reached Civilization After Four Days in a Wilderness Without Food.

LAPORTE, Ind., Sept. 7.—Information has been received stating that Paul H. Seymour of this city has not perished in the Klondike country, as has been believed.

Mr. Seymour, heading a large party, sent out during the spring by a Boston dredging company, had established a camp on Willow Creek, a tributary of the Hootalliqua, a great distance north of Dawson City. Finding it necessary to return to Dawson on business a few weeks ago, he and a companion started from Willow Creek on a Saturday night to walk to "Hundred-Mile" cabin, on the Hootalliqua, where they were to catch the steamer.

The distance by water is 200 miles, but in order to save time Seymour and his companion started across the mountains on a twenty-five mile tramp through an almost unbroken wilderness. They expected to make the trip in one day and consequently took no blankets along and food enough only for two meals. When seven miles lost and their destination they became lost and for four days wandered around in the woods.

After more than 24 hours of aimless wandering they reached a creek, and believing that it was a branch of the Hootalliqua, they made a raft by burning down trees and fastened the logs together with willow boughs. Fifty feet below the starting point they were caught in a swift current, which sent them straight to a clump of bushes, the overhanging branches of which swept them off the raft, and they narrowly escaped drowning. Rain began to fall, and the men were compelled to swim, "mashed" (walked) through a marsh until a lake was reached, around which they tramped, only to find it a circular bay. By that time the companion of Sey-

## WOODPECKERS HURT TELEPHONE TRUST

Bore Holes in Company's Poles and Wind Blows Them to the Ground.

INDIANAPOLIS, Ind., Sept. 7.—The representatives of the American Telegraph and Telephone Co., Charles Martindale, has informed the State Board of Tax Commissioners that the old-fashioned red-headed woodpecker is an important factor in determining whether or not the dividends of a telephone company shall be large or small.

Gov. Hanly and his associates were interested at once by this break in the monotony of the tax agents' "These birds," continued Mr. Martindale, "bore holes in the poles, make their nests there, perforate them through and through, with the result that within a few years the poles have to be replaced by new ones. This takes money from the dividends." However, the woodpeckers have not greatly injured the property of his company, as Mr. Martindale asked that the assessment of last year be allowed to stand.

Mr. Martindale, who is a member of the board of directors of the company, was exhausted and lay down to rest himself to their school work so that they give proper attention to both school and papers. The third day of school, therefore, of the current year, finds them eager to learn and no less eager to attend to the sale of the Post-Dispatch as soon as the afternoon school session is adjourned.

George Heimberger, a pupil at St. Francis de Sales School, is the Post-Dispatch newsboy at Grand avenue and Arsenal street.

He is 13 years old. George has been selling the Post-Dispatch two years in various districts on the South Side and so successful has he become at his present location that he has Charles Leonard to assist him.

As an example of his industry, his report for the week ending Aug. 19, showed 292 papers sold. His profit was \$176 for the week.

Much of his success, of course, is due to the training that has been given him by Joe Walters, Post-Dispatch branch manager, 2718 Gravois avenue.

Mr. Walters will be glad to talk to new boys who want to make money selling the Daily Post-Dispatch after school hours. Boys who are otherwise employed during week days will find it worth while to talk to Mr. Walters about selling the Sunday Post-Dispatch. New boys wanting to sell either the

## INGENIOUS DEVICE TO RAISE WRECKS

Invention of an Italian to Be Used by Japanese to Save Sunken Warships.

NAPLES, Sept. 6.—The experiment made a few days ago of raising a wreck from the bottom of the sea through 42 feet of water by means of a new apparatus invented by a Nicholas Ielpo and patented by the Italian Government, proved a great success.

The wreck consisted of a large loaded with building material, which had gone to the bottom four years ago. All the authorities witnessed the successful experiment. As soon as a diver had fastened the wreck to the apparatus and the air pumps began to work, the wreckage rose to the surface of the water as if by magic.

The apparatus consists of a series of elliptical air chambers made of thick rubber and waterproof canvas, each having a lifting capacity of 30 tons. As many of these air chambers can be used as would be required by the weight of the sunken vessel. When the air is compressed by ordinary machinery into these air chambers their lifting capacity increases in proportion with the air pressure.

A representative of the Japanese Government witnessed the operation, and negotiations are now pending for the use of the Ielpo invention in raising of the many sunken warships at Port of Spain, near the city of Port-au-Prince, Haiti.

The next experiment which Signor Ielpo is to undertake very soon, will be the raising of the sunken steamer Cairo, near Alexandria, at the request of the Egyptian Government.

SPECIAL TO THE POST-DISPATCH.

SPRINGFIELD, Mass., Sept. 7.—"I've been arrested 38 times for drunkenness and need a little time to realize my fine. The Court was obdurate and the regular patrons who keep it going," was the inelegant declaration of John J. Carney in Police Court today.

The Court was obdurate and the luckless Carney was taken to jail to work out a \$5 fine.

Daily or Sunday editions will be given a chance to make money by applying to Post-Dispatch Branch Manager Walters, 2718 Gravois avenue.

## PAINTING SOLD AND NOT STOLEN

"Stop Thief!" Probably Cry Raised to Cover Tracks of a Picture by Veronese.

ROME, Sept. 6.—An investigation conducted by the Government into the recently denounced theft of a painting by Veronese from the Bastogi's gallery in Florence, has revealed the fact that the denunciation of the theft to the authorities was probably made in order to cover the tracks of the painting, which it is believed has found its way to some foreign country and was probably sold in Florence to one of the many American or English art collectors who frequent that city. No suspicion attaches to the family of the Marquis Bastogi, which is one of the richest in Italy, but it is thought that some one connected with the gallery concluded the sale.

Government officials were just in time a few days ago to prevent the flight of the magnificent fresco by Titello in the Labia palace at Venice, representing Antony and Cleopatra and Venetian scenes. Information was recently sent to the Government that the fresco had been sold to a Parisian dealer for \$600, who in his turn had disposed of them to an American art collector for \$60,000. When the police arrived at the palace they discovered that preparation had already been made for detaching the fresco from the wall and shipping it to France by a sailing vessel. One person was arrested charged with violating the law on art exportation.

**Bitten by Rat and May Die.**

GREENFIELD, Ind., Sept. 5.—Eleven-year-old Eva Reese is very ill from a rat's bite. One night about three weeks ago the little girl was awakened by a pain in her hand. Being only partially awake, she thought she had caught her hand in the bedstead, but in the morning the prints of the teeth of the rat were plainly discernible. Home remedies were applied and no serious danger was expected. The girl began to swell and the physician was called, who found the child's hand in a serious condition. The injured hand will have to be amputated, and she may die.

## \$6.00 Silk Petticoats for \$3.95

WE told you a week or so ago of a deal we made with a manufacturer for one thousand silk petticoats of a certain style, made up during the dull season—we to furnish the material. This arrangement enabled us to save considerable. The manufacturer was not looking for profit, being anxious to keep his hands employed, so that he could have them when the busy season came. The first shipment of 200 was sold out within two days after they arrived. Now another lot has come in, and we expect they will go equally as quick. They are made of extra heavy quality, guaranteed taffeta silk, umbrella style, with deep flounce; finished with accordion plaiting and small ruffle; come in the newest fall shades and black. If we bought them in a regular way they would sell for \$6, but owing to a clever deal our buyer made we are able to sell them at \$3.95.

**ANOTHER WITZHOFF WIFE**  
Mrs. Emily Dobler of Chicago Identifies Picture of New York Bluebeard.  
CHICAGO, Sept. 7.—Photographs of Dr. George A. Witzhoff, the New York bigamist, wanted by a hundred wives in various parts of the country, were identified by Mrs. Emily Jaeger Dobler, 2333 Wabash avenue, as pictures of her husband, Anton Dobler, who deserted her on Aug. 8, five days after their wedding, taking \$450 of her savings.

**LOOKING FOR THE LOCKOUT**  
Let Robbers Get by Door of Gambling House, Whence They Took \$8200.  
NEW YORK, Sept. 7.—One of the most startling robberies in the history of the underworld in this city happened a day or two ago in a brown stone mansion in West Eighty-fourth street. The place has been used recently as a gambling house.  
A well-known turfman had put in an evening of high play during which he lost \$7500. He had left the house but

a few minutes when there came a rapping at the street door. A "look-out" was sent down and three men wearing masks dashed through the door.  
They quickly made their way to the main gaming room where ten players were seated at roulette tables. Two revolvers were leveled at the proprietor while the third robber annexed \$8200 in bills gathered from the cash drawers.  
The men immediately fled and were joined at the street door by a fourth who "had held the 'lockout' under guard while his pals were within."  
The owners of the establishment are now quietly searching for the "lookout" whom they declare planned the robbery.

**NEW PANAMA HEALTH IDEA**  
Government Proposes to Plant Eucalyptus Trees to Dry Up Fever Marshes.  
Special to the Post-Dispatch.  
WASHINGTON, Sept. 7.—The Panama Canal Commission has under consideration the use of eucalyptus in the canal zone as a corrective of fever conditions.  
This tree would thrive there, and it is credited with driving fever and malaria from tropical regions, probably owing to the quality of being unquenchably "thirsty" and drying up marshes for miles around. Eucalyptus has been used extensively abroad in sections affected by fever and malaria, among other places in Algeria, in parts of Egypt and in the Campagna, just outside of Rome.  
Reports from these experiments are almost unanimously favorable. Planted along the Chagres river, it is believed, it might control torrenial tendencies and dry up the marshy soil. The forestry service will be asked for a report of the idea.  
Catarrh of nose or throat immediately relieved and ultimately cured by use of "Boro-Formalin" (Elmer & Amend).

**WENT WITH WOMAN IN WHITE**  
Wealthy Scranton, Pa., Youth Found Later Unconscious With Wound in Throat.  
Special to the Post-Dispatch.  
ALLENTOWN, Pa., Sept. 7.—Accompanied by a mysterious young woman dressed in white, Frank Caldwell, the son of a wealthy Scranton family, left his hotel here at midnight and was found barely alive in the morning in a lonely suburb, with his skull fractured and a jagged cut in his throat.  
Caldwell has not regained consciousness and nothing has been learned by the police as to the identity of the young woman with whom he went away. The hotel people said she was a stranger to them and no trace of her has been found.  
The police are making every effort to locate the young woman with whom Caldwell left the hotel. He apparently knew her, for he appeared to accompany her willingly.

## Difference Between Gold Stamps and Other Stamps!

While Trading Stamps have been before the public for years and have attained great popularity. **WE HAVE ALWAYS FELT THAT OUR GOOD NAME COULD NOT BE ASSOCIATED FOR LONG WITH THE ORDINARY KIND OF TRADING STAMPS.** Therefore we have been exerting every effort to find something better, something that would not only embody every feature that has made the trading stamp what it is, but would improve upon them in every possible manner. **IN THE GOLD STAMP WE HAVE REALIZED THIS AMBITION.** Let us point out to you a few of the many conspicuous advantages of Gold Stamps:  
In exchange for ordinary trading stamps you are compelled to take cheap premiums of unknown value—your selection is limited to a very few articles and generally to styles you would not buy if you had your own choice and paid cash for them. **IN CONTRAST GOLD STAMPS HAVE A DEFINITE, HONEST VALUE. A BOOK OF GOLD STAMPS CAN BE EXCHANGED FOR \$3 WORTH OF MERCHANDISE IN ANY DEPARTMENT OF OUR STORE or any other store that handles them.** (And there will be thousands very soon.) In other words **THEY ARE THE SAME AS MONEY!** And the Premiums, if you prefer them, are given for from 100 stamps up, and are under our direct supervision and by 50 per cent better than ordinary stamp premiums. And you need not take any old thing, but choose what you wish and it will be gotten for you!

### IBS JEWELER OF \$40.00

Afterwards Whips Two Detectives and Makes His Escape.

TOLEDO, Ohio, Sept. 7.—After a sensational escape from Ryrie Bros. jewelry store with over \$4000 worth of gold rings and tie pins, Charles of New York, with a police record extending to a few months in custody today, was caught with the goods in his

possession at a distance of about five blocks from the store before even the jewelry was missed from the case. He was arrested by the store detective, who had seen the young man earlier in the day in the store. At the time he was trying to pawn a \$5000 ring. The detective for the police station grappled with the man, but lost out up a terrific battle and succeeded in escaping, leaving a quantity of jewelry scattered about the street.

SPECIAL TO THE POST-DISPATCH.  
CHICAGO, Sept. 7.—Alderman "Tom" Carey, political boss of the Stock Yards District, for ten years has announced his retirement from politics and will move out of the district. Carey began life as a laborer and never had a dollar until he entered politics. During the years that he has

been the Stock Yards leader he made \$1,000,000. For five years he has been chairman of the Democratic County Central Campaign Committee and a big contractor. He has purchased a \$200,000 house on Grand boulevard, in the heart of the Sixth Ward, the banner Republican ward in the city. When his followers heard this they put it down that "Tom" was going to quit. Carey's "Indiana" was one of the most successful political organizations in the city. He has had a stable on the running turf for several years.

### BEWAIL DECAY OF WALTZING

National Society of Dancing Masters Say Americans Two-Step Through All.

NEW YORK, Sept. 7.—Waltzing is becoming a lost art according to delegates attending the twenty-eighth annual convention here of the American Society of the Professors of Dancing. The professors are, for that reason, doing all they can to check the invidious two-step.

from Jette Hauke, Inc. "A mat dancing is looked upon merely as a social time-killer, when, as a matter of fact, it is a means of developing grace, of promoting physical culture and teaching the best manners. Americans are so careless. They two-step through everything, no matter whether it is a waltz, a schottische or a polka."

## GETS RED RIBBON AT NINETY-SEVEN

Sister Superiora of French Hospital Decorated With Cross of Legion of Honor.

PARIS, Sept. 6.—M. Etienne, the French Minister of the Interior, in compliance with the requests of the people, has conferred the Cross of the Legion of Honor on Sister Elisa, Superiora of the Hospital of St. Jean de Louse.

The nun is 97 years of age and has been a member of the order 72 years. She attracted much attention during the cholera invasions of 1849 and 1864 by her assiduous care of the stricken people.

Toward the close of the Franco-Prussian war she traveled 30 miles on foot to reach the German army headquarters, in order to intercede for two French prisoners who had been sentenced to death.

tenced to death. She was admitted to the presence of Prince Frederick Charles just as the prisoners were being taken to execution and succeeded in obtaining their liberty.

It is said that before joining the religious order she was engaged to marry the former French Minister of War, M. Andre.

**City Liquor Agency to Be Investigated This Month.**  
PORTLAND, Me., Sept. 6.—The hundred or more citizens here whose names are recorded in the city liquor agency books, and who have been twice served with summonses to appear in the Municipal Court to tell what they know about the conduct of the agency, have been given a second breathing spell.

The case will be up in the September term of the Superior Court, and in the meantime the citizens of Portland will have to get along without liquor for use as medicine or otherwise.

## GARRICK THEATER OPENS SATURDAY

"The Filibuster" Will Lead the Way for the Shuberts' Local Season.

The Filibuster always shows his head in struggles for independence, and it is most natural that this audacious warrior should fire the first local shot in the Shuberts' war of secession.

The Garrick Theater will begin its season Saturday night of this week, and "The Filibuster" will open the house.

It is a musical piece wholly new to St. Louis, and the company has been rehearsing here all week. It is headed by Charles E. Evans, the comedian, and the prima donna is Miss Kate Condon.

The Shuberts purchased the piece when it was a bud of promise, and George W. Broadhurst, writer of several farce comedies, has rewritten and amplified it until it promises to open Saturday night as a pretty and pleasing flower.

This will be the Shuberts' first production of it, and it will be all new. The production will be a feature of the production. They picture the dock at San Francisco, the great hotel at Coronado Beach, in Southern California, and a mythical island off Central America.

The Garrick Theater is equipped with a hydraulic curtain, an additional safeguard against fire, and it has been rehearsed here and there until it has the prettiest of a parlor. It will have a season of musical shows this fall, "The Royal Chef" and "The Geck" coming next on its list, each of them running two weeks. There will be 11 performances of "The Filibuster."

It has been a good many years since Augustus Thomas was a resident of St. Louis, but his people still live here, and we are not without pride in his career. The coming of a new Thomas play is always pleasantly anticipated, for experience with "Arizona," "Alabama," "The Earl of Pawtucket" and others of the Thomas plays has taught us that the former St. Louisan is an exceptionally clever fellow. He produced two new comedies in the East last season—"The Education of Mr. Pipp" and "Mrs. Lefingwell's Boots." St. Louis has not seen either, but we are to see the Pipp play next week at the Century Theater, where it will open Sunday night.

A dramatization of the Pipp pictures by Charles E. Evans and Digby Bell, whose skill as a comedian is almost additional here, so long has it been since he played in St. Louis, will play Mr. Pipp.

The fact that "My Own United States" is a part of the musical score of "When Johnny Comes Marching Home" is enough to commend it to the favor of every lover of music. It is recent composition, and it is not untain that ere long it will have become the most patriotic song of our country. "My Country, 'Tis of Thee" and "The Star Spangled Banner" have needed to look to their laurels if they would hold their fortress of favor against that noble and inspiring song which Julian Edwards wrote in the score of "When Johnny Comes Marching Home." It is interesting to know that, like the music of "My Country, 'Tis of Thee," the score of "My Own United States" was not written by an American, but there is some cause for gratification in the knowledge that the Englishman who did write it—Julian Edwards—has become an American by adoption and is now in good and regular standing in that vast throng which turns its face every morning to the East and T. Roosevelt. The Carleton Opera Company will sing "When Johnny Comes Marching Home" at the Olympic Theater all next week. The company is headed by W. T. Carleton, the eminent American baritone, and his son, W. P. Carleton, who gave his voice a rest last season and became the leading man at the Odeon, will be with him. Other members of the troupe are Gertrude Vaughn, Bertha Darrin, Carr, James Francis, Charles Church, C. D. Burt, Donald MacKenzie and Harry Kelly.

Florence Bindley will be at the Grand Opera House next week in a new musical comedy, "The Belle of the West." This little comedienne was at the Grand last season in "The Street Singer," and her success was such that her managers have provided her with a new piece.

The fun of "The Belle of New York" warms one up so that the audience at the Delmar Theater are not caring a fig for the weather. The troupe will begin its last week next Sunday afternoon with "The Telephone Girl."

Miss Ethel Miller will end her engagement at West End Heights next Sunday night, when she will give her final performance of "Women Against Women."

Coming to the Columbia next week: Edward Clark and "The Six Ranges," "The Zazelle and Vernon company," Rooney and Bent, Emmy's Dogs, Wilson Trio, Les Elgomas, Mlle. Romano, Peerless Quartette, Six and Gendy, Nettie Fields and Juggling Delmo.

Charles T. Aldrich will be at the Imperial Theater next week in a new detective play. It is entitled "Secret Service Sam," and the scenes of the play are in New York City. Daily matinees will be given.

"The Confessions of a Wife" will be at Havlin's Theater next week. It is one of those stories out of the very depths of life which are never without their appeal at the local stronghold of melodrama, and will open there Sunday afternoon.

"Glamondia," the prettiest of the Sardou plays, will be produced at the Odeon next week by Melbourne McDowell and his players. Mr. McDowell when this play was produced at Suburban Garden, and the opportunity to see him again in the part, with a better supporting company and more elaborate stage environment, will be welcomed by a great many playgoers. Miss Jessamine Rogers, the new leading lady, will play the title part.

Richards' Juvenile Opera Company will close its season at the Suburban Garden next Sunday night. A special-price matinee will be given Saturday. The little people have succeeded, right well, and many have found pleasure in their cleverness.

The Peace of Portsmouth will be ratified at the Alpe next Saturday night with a celebration. The entire place will be appropriately decorated with flags and bunting, and the opportunity of the important event, and music selected from the national hymns of the two countries and America, which brought about the peace treaty will be rendered by the band. Extra bowls will be placed with vocal selections, and the occasion will be made one of the most successful of the season. There will be general merry-making in honor of the ratification. Friday night will be Wagner-Strauss night at the Alpe. The first concert will be composed of Wagner numbers, which Assistant Director Zacher will direct. Mr. Stark will preside with the baton over the two Strauss concertos. Next week's soloist will be Mrs. Wynne Winslow.

Arthur Buckner is getting over his 200 pounds of nickel-plated and japanned ware every night at the Highlands on two bicycles and a unicycle. He has certainly devised novel entertainment. Send's Ladies' Band will be the headliner at the Highlands next week, with the Rader Brothers of local fame, Ethel Whiteside and her Polesmanies, and Frances Goodner, a good

vocalist, bringing up the entertainment to the usual Highlands standard.

The Trocadero Burlesquers will be at the Gayety Theater next week, opening Sunday afternoon.

Patrick Mannion, proprietor of Mannion's Park, announces that his amusement resort will close with Sunday week's performance. On the bill this week are some of the best acts in vaudeville. Lavender and Lavender and Tompkins offering a new sketch called

"The Touch Down," and the Rader brothers are sharing the first honors of the program.

The New Century Girls will be at the Standard Theater next week, opening Sunday afternoon.

## PAT CROWE ESCAPES THROUGH POLICE

Twenty Patrolmen Beat Out Clump of Weeds at Daylight Without Avail.

### FIGHT WITH KIDNAPER

One Man's Leg Broken and Fugitive Is Thought to Be Wounded.

Special to the Post-Dispatch. OMAHA, Neb., Sept. 7.—At daylight this morning 20 policemen went through the great clump of weeds at Sixteenth and Williams streets here, where Pat Crowe took refuge after his desperate fight with eight policemen last night, hoping to capture the noted kidnaper. However, in the darkness Crowe had managed to pass the cordon of officers which had surrounded the place and had made his escape.

It is believed that he is wounded. After the battle last night every officer in the city was warned to watch for Crowe and every available man was sent to the scene of the fight to beat the weeds in which Crowe had taken refuge.

This morning all Crowe's old haunts are being raided in the hope of catching him before he can again leave the city. The police have orders to shoot Crowe if he makes the least show of resistance and no one believes he will be arrested alive.

At 11 o'clock last night Patrolmen Leahy and Filbert Judson recognized Crowe, who was with a companion in a saloon at Sixteenth and Dorcas streets. Leahy was sent to secure additional officers. Crowe and his companion left the saloon, just as a car carrying a detail of police arrived.

Jackson followed and was immediately fired on with the result that his leg was broken. The other police immediately gave chase, opening a steady fire on the pursued man. Half of the police force was rushed to the scene and hundreds of citizens followed.

During the past several weeks, or since Crowe, the kidnaper of the Cudahy child, was reported in Omaha, all the members of the police force have been under orders to locate him if possible.

## ORDER TO RESIGN CHAGRINS PALMER

Public Printer Had Just Taken New Measures to Force Out Foreman Ricketts and Hay.

By Wire from the Washington Bureau of the Post-Dispatch. WASHINGTON, Sept. 7.—Public Printer Palmer, whose resignation has been demanded by President Roosevelt, was much chagrined and much surprised over the latter's action.

He was not expecting it as he and nearly all others interested believed the President would permit Mr. Palmer to finish his term of office. Even it is all but known that he would have done so had Palmer not displayed such poor judgment in demanding the resignation of Foreman Ricketts and Foreman Hay while the report of the Keop Commission was in the hands of the President and unacted upon.

Mr. Palmer was given bad advice by one of his legal friends, which has resulted in the downfall of the public printer and probably in the elevation of Mr. Ricketts, whose salary Mr. Palmer so much desired. There is much

Illiterate Youth Sentenced to Jefferson City Penitentiary to Step Forth Reformed.

JEFFERSON CITY, Mo., Sept. 7.—The most remarkable inmate of the State Penitentiary will step forth to freedom on Friday of next week when Gov. Folk's pardon of Joe Sheppard will go into effect. In 1899, when 16 years old, Sheppard was sentenced to 10 years for complicity in a train robbery at Macomb, Mo., in which the principals were Jennings and Kennedy. Sheppard's part was to act as sentinel and he claimed he did not know the robbery was to take place until the arrival of the train.

His term in the penitentiary promises to make a good citizen of the youth. He ran away from home when a mere child and the only education he ever received was in prison. There he has learned something of mathematics and has become a fair bookkeeper. He has also

## HEADACHE?

You may think a headache a very slight matter—not worth worrying over. But a headache is a sign of so many disturbances of the system, that, when you get one, you should instantly begin to wonder what is wrong with you, and seek the best way to right it. Nearly all headaches from which women suffer are caused by disturbances of the female functions. Only one medicine can be depended on to effect a safe and certain cure, viz.: the old reliable remedy you have heard so much about, Wine of Cardui, woman's own tonic and restorer. ## SUBSCRIBERS GET \$223,536 BACK

Receiver of Lewis Concern Ordered by Court to Return That Amount.

Frederick Essen, receiver of the People's United States Bank, reported to Judge McElhinney of the Circuit Court at Clayton Thursday that there was in the bank \$223,536, credited to the special account of E. G. Lewis, which had been received by him on subscription contracts for capital stock, and which represents over-subscriptions, received after all of the capital stock had been taken. The judge ordered that this be returned to the subscribers.

## STORM VICTIMS WASH ASHORE

Lake Superior Wreck Death List Now Includes Two Score

—Isosco Lost.

CLEVELAND, O., Sept. 7.—W. A. Hawgood & Co., owners of the steamer Isosco, which foundered in the recent heavy storm on Lake Superior today, received a telegram from Marquette, Mich., saying that the bodies of four men and one woman have been washed ashore at Pine River with life preservers attached to them, bearing the name "Isosco."

The woman is believed to have been the wife of the cook, who shipped from Fairport. The Isosco carried a crew of 19 persons, all of whom undoubtedly perished. The total number of lives lost in the Lake Superior storm is now placed at 40.

## Home Co-Operative Assets.

Francis A. Tillman, receiver of the Home Co-Operative Co., filed a report in the Circuit Court at Clayton Thursday showing that assets aggregating \$125,000 had come into his hands. They consist of 56 mortgages and other notes and bonds.

## "SING WHEN I'M AWAKE? OH, NO"

"I Got More Sense Than Use This Voice, Except When Asleep," Says Disturber.

"You'll have to excuse me, but I sing in my sleep," said William Lamey to J. C. Whitley of 232 Bell avenue when the latter awoke him in the cellar at that number, according to Whitley's testimony Thursday in the Dayton Street Police Court.

"Good Lord, Mr. Whitley, I wouldn't use this voice of mine for singing if I was awake. I'd have more sense."

Whitley had caused Lamey to be arrested on a charge of disturbing his peace by weird vocal efforts at unearthly hours of the night.

Lamey does odd jobs about the neighborhood and is permitted to sleep in the cellar of Whitley's house. Whitley says that Lamey drinks more than is good for him, and that when he is under the influence of liquor he holds conversations all by himself down in the cellar.

The singing is so terrible, Whitley avers, that he is compelled to get out of bed and go down to remonstrate with Lamey, whom he invariably finds apparently slumbering, and who as invariably pleads in his defense that he is what may be called a somnambulistic singer.

Judge Robertson, sitting in place of Judge Pollard in the Dayton Street Police Court, advised Lamey to quit drinking and then emphasized the advice by fining him \$5 and costs.

## Girls Disappear Together.

The police were asked Thursday to look for Lizzie Wolfmeyer and Katie Gimmer, both 14 years old, living at 302 North Ninth street. They disappeared Wednesday. Lizzie is 5 feet 5 inches, weighs 125 pounds and wears a red velvet skirt and white waist. She has large black eyes and long brown hair. Katie is 5 feet high, weighs 118 pounds, has black hair and eyes and wears a red skirt and a white shirt waist.

## ONLY BLONG TO GO AT PRESENT?

Gov. Folk Says Announcement of Changes Is Likely by Sunday.

Special to the Post-Dispatch. JEFFERSON CITY, Mo., Sept. 7.—Gov. Folk is still wrestling with the St. Louis Police Board problem and hopes to have it off his hands by Sunday.

Asked about it this morning all that he would say was that there might be some announcement by Sunday. According to the best information obtainable only Commissioner Blong is to go at this time. Who will succeed him no one seems able to figure out.

It is said that the place was offered last Sunday by Gov. Folk to K. G. Bellairs, a newspaper man, and was declined on the ground that the salary is insufficient to afford a living.

The Governor, it is said, is looking for a man thoroughly cognizant of the requirements of the police force, and who is at the same time in no sense a politician.

He does not want and will not appoint a politician. It is further intimated that he is experiencing some difficulty in finding the right man for the place.

Bellairs denied Thursday that he had declined the offer of a police commissioner'ship, made by Gov. Folk, on the ground that the salary, \$100 a year, was insufficient. He said the appointment had not been tendered him. Bellairs several months ago declined an appointment as state factory inspector.

## Peck Street Sale.

Griffin Real Estate Co. closed the sale of dwelling, 401 Peck street, two-story six-room brick house with bath, reception hall, granite cellar and walks, brick street, etc., for Alfred R. Dix, to Louis Craft for \$200.

## MAE WOOD HAS AGAIN SUED PLATT

Charges New York Senator Employed Her to Help Kill Post Check Bill and Didn't Pay.

### U. S. EXPRESS CO. A PARTY

Corporation of Which Platt Is President Garnished Against Paying Him His Salary.

Special to the Post-Dispatch.  
OMAHA, Neb., Sept. 7.—Mae Catherine Wood, who gained notoriety bringing suit against Secretary Loeb, Congressional General Wayne and others of Washington City some time ago, has filed another sensational suit here against Senator Thomas C. Platt and the United States Express Co., of which Platt is President, alleging that the defendants were indebted to her \$25,000 attorney's fees in helping them defeat the post check bill before Congress in 1932.

To emphasize her claim, Miss Wood garnished Platt's salary as President of the express company and attached all

the company's property in Omaha. The services Miss Wood says she performed was in watching the records of the Postoffice Department in which she was a clerk in which she was to learn when Postmaster-General Payne would recommend the passage of the famous post check system which would have caused great loss to the express company. She told Platt, who "hurried to the department at an early hour of the day the bill was to be submitted and caused recommendation to be greatly modified before being reported."

"People are now beginning to see that there may have been other and deeper reasons than a silly love affair between a foolish old man and young woman for deceiving me to New York and getting my documents and papers from me."

## KILLS HIMSELF BY STANDING ON HEAD

Encased in Straight Jacket and in Padded Cell Man Finds Way to End Life.

### Special to the Post-Dispatch.

PATERSON, N. J., Sept. 7.—Propped against the wall of a padded cell by the aid of a straight jacket, in which he had been encased to prevent him from harming himself in a frenzy, Peter Ardine, a madman, committed suicide in the police station by standing on his head until the rush of blood ruptured blood vessels in his brain.

Physicians who have investigated the affair say that the case is unparalleled in medical history, and that the man's suffering as the blood tore away the tissues of his brain must have been frightful. How long Ardine stood on his head until unconsciousness came to his relief may never be known, but physicians say it must have been at least an hour. When found his body was still in an upright position against the wall, and his face and neck were so swollen with congested blood as to make him almost unrecognizable.

## "TAUGHT WHEN A BOY NOT TO BELIEVE ALL I READ"—ROCKEFELLER

Oil King Makes Reference to Criticisms of Himself in Talk to Press Humorists' Association, Which He Entertains at Forest Hill and Shows Through His Grounds.

### Special to the Post-Dispatch.

CLEVELAND, O., Sept. 7.—Wearing his newly purchased wig and in a happy mood, John D. Rockefeller received the members of the American Press Humorists at Forest Hill, his summer home, and in person conducted them around the place.

The oil king broke all precedents, for never before has any one dared to enter his preserves, and he has never received delegations, nor has he ever acted as a guide.

The local "jokesmiths" asked permission Tuesday to drive through his grounds in automobiles and much to their surprise their request was granted. Piling into large touring cars headed by Mayor Tom L. Johnson, the humorists were driven to the Rockefeller home and found their host playing golf with Dr. Biggar, his physician.

"I'm pleased to meet you," he said, extending his hand, and his manner indicated that he really was. "I want to meet all of you."

And for the next few minutes John D. was shaking hands cordially with men who harp on and griddle him six days a week.

"Now," said John D. when the hand-shaking was finished, "I want you to take some flowers. Over here is a bank of snowballs. Come, help yourselves."

He led the way to the flowers, saying: "I am most happy that you are here. I hope I can aid you in feeling as pleased over your visit as I am. Come, here are the flowers. Gentlemen, out with your knives, please. Cut the best and largest bunches you can find."

Mrs. W. R. Rose planned to John D.'s coat a buckeye on which were the letters "A. P. H."

"You are most kind," said John D. "I am one of you now, am I?"

"Thank you. I want to show you some of my trees. We have an oak tree that we believe is 420 years old."

"I wish I could do that for the doctor," said John D., his eyes twinkling. "But I can't."

Shows Four-Century-Old Oak.  
John D. started for the old oak, explaining that his authority for his belief in the tree's age was in the fact that a relative had cut down one of the same size that proved to be 420 years old.

"Fifty or sixty years ago," said John

## SIX ARRESTS AFTER TRIAL FOR MURDER

Johnson County Stirred by Charges of Bribery and Perjury After Conviction.

### WARRENSBURG, Mo., Sept. 7.—All

Johnson County is stirred over the developments following the trial of the two sons of W. C. Hyatt, convicted of killing Herbert Martin at Columbus, Johnson County, last Christmas Eve.

Six arrests have been made on indictments charging attempted jury-bribery and perjury. W. C. Hyatt, father of the boys now in the Penitentiary, was arrested yesterday charged with jury-bribery and conspiracy to bribe a jury. Walter L. Jones and J. F. Corbin, wealthy stockmen, had already been indicted.

Others indicted are: W. K. Mullins for attempted bribery and perjury; C. D. Wallace, the juror who first made the charges of attempted bribery, for perjury, agreeing to return a verdict and conspiracy, and J. F. Corbin, for perjury.

John D. joined in the laugh that followed and said: "The Mayor is wide awake."

Mayor Johnson spoke of John D.'s gift of Rockefeller Park, telling what a fine gift it was.

"Thank you," said John D. "I am glad you like it. I am glad the people enjoy it. The parks should be for the people and I am happy that they are the parks and the playgrounds of the city."

Only once did John D. refer in any way to the criticism of himself. Dr. Biggar jokingly told him to be careful of what he said about the trees.

### Doesn't Believe All He Reads.

"Ladies and gentlemen," said John D., taking off his cap, "and I say this especially for your benefit, Dr. Biggar. When I was a small boy I was taught not to believe all I heard or even what I read in books."

"I am going to take you to another part of the ground to show you a large tree," he said to the visitors.

He rode with Mayor Johnson to the tree, the largest in the park. On the way he spoke of how smoothly the car ran.

"It is a good car, and you are a good chauffeur," he said. "I have a notion to hire you. John hands with me and I see how large it is," he said, and he and four others grasped hands and circled the tree. The party then returned to the lodge and John D. drove back to his house.

"I have been delightfully entertained. Most happy you came," he said.

Rockefeller while out with the party borrowed Mayor Johnson's coat, and he had an eye a clear as a boy's and a pink cheek of which a man half his age might have been proud. He walked with that of a vigorous, sprightly man.

## MISSOURIAN IS KILLED BY BANDITS

Only Passenger in Car to Offer Resistance and Others Escape.

### ST. PAUL, Minn., Sept. 7.—Lee Dook

of Morrisville, Mo., was killed by bandits who entered a car on the Chicago & Northwestern road at Hecla, S. D., yesterday. Two other men were wounded in a hotly contested battle.

Three of the robbers got on the car at Aberdeen and a fourth at Redfield. When one of them ordered the 10 passengers to hold up their hands five jumped from the car, followed by shots.

Dook was the only one to resist the robbers, and he was shot in the back of the head. After robbing the remaining passengers the robbers jumped from the car.

Three were later arrested at Lamoure, N. D. When the train reached Ludden a constable entered the car and found the body of Dook. Another suspect has been arrested at Hecla.

## MISSING MAN FOUND HERE.

Bert S. Overpeck Succumbs to Strain of Work. After wandering at random for three weeks through various localities between his home in Hamilton, O., and St. Louis, sought by his relatives, Bert S. Overpeck, a well-to-do contractor of Hamilton, and a former resident of St. Louis, is under the care of physicians at the Terminal Hotel.

John A. Laird, civil engineer, with whom Overpeck formerly worked in the City Water Department, has notified Mrs. Overpeck of her husband's presence here.

Overwork is said to have affected his mind, and physicians have ordered that he be kept in his room at the Terminal until he has had a chance to recover from the strain.
